

The PurpleSeal PS-X All-Composite Frac Plug

Premium design and high performance at a great price

The PurpleSeal™ PS-X is an all-composite frac plug with powdered-metal buttons in the upper and lower slips, rated up to 68.9 MPa. Proprietary high-strength composite materials ensure uniform performance and durability at temperatures up to 121° C. Interlocking castellations on the slips and end caps and a contoured interface between the slips and cones eliminate component rotation to ensure even, concentric slip expansion. With minimal metallic content—approximately 1%—PurpleSeal frac plugs consistently drill out in 8 minutes or less.

Features and Benefits

- Anti-preset features in both the plug and wireline adapter kit
- Proven seal back-up ensures superior sealing performance
- Available with the PurpleSeal Express™ single-use plug-deployment system
- Can also be deployed on all conventional setting tools
- Drill-out work string can be conventional or coiled tubing
- Pump-down wiper is included for every plug (use is optional)
- Can be run with the frac ball in place to conserve water

Casing Size mm	Casing Weight kg/m	Pressure Rating MPa	Plug OD mm	Plug ID mm	Plug OAL mm	Part Number
114.3	17.23–22.50	68.9	91.44	25.40	356	0021832
127.0	26.82	68.9	97.80	25.40	397	0028884
139.7	25.33	55.2	111.2	31.75	413	0021743*
139.7	29.80–34.23	68.9	111.2	31.75	413	0021743*

*Qualified in Q-125 casing
